This Supplemental Information contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act). Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: adverse economic or real estate developments in our markets; our failure to generate sufficient cash flows to service our outstanding indebtedness; defaults on, early terminations of or non-renewal of leases by tenants, including significant tenants; difficulties in identifying properties to acquire and completing acquisitions; difficulties in completing dispositions; our failure to successfully operate acquired properties and operations; our inability to develop or redevelop our properties due to market conditions; fluctuations in interest rates and increased operating costs; risks related to joint venture arrangements; our failure to obtain necessary outside financing; on-going litigation; general economic conditions; financial market fluctuations; risks that affect the general retail, office, multifamily and mixed-use environment; the competitive environment in which we operate; decreased rental rates or increased vacancy rates; conflicts of interests with our officers or directors; lack or insufficient amounts of insurance; environmental uncertainties and risks related to adverse weather conditions and natural disasters; other factors affecting the real estate industry generally; limitations imposed on our business and our ability to satisfy complex rules in order for us to continue to qualify as a REIT for U.S. federal income tax purposes; and changes in governmental regulations or interpretations thereof, such as real estate and zoning laws and increases in real property tax rates and taxation of REITs.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, or new information, data or methods, future events or other changes. For a further discussion of these and other factors that could impact our future results, refer to our most recent Annual Report on Form 10-K and other risks described in documents subsequently filed by us from time to time with the Securities and Exchange Commission.

Notes:

- (1) Base rent for our retail and office portfolio and the retail portion of our mixed-use portfolio represents base rent for the three months ended December 31, 2012 (before abatements) and excludes the impact of straight-line rent and above (below) market rent adjustments. Total abatements for our retail and office portfolio were approximately \$19 and \$1,351, respectively, for the three months ended December 31, 2012. There were no abatements for the retail portion of our mixed-use portfolio for the three months ended December 31, 2012. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses. Multifamily portfolio base rent represents base rent (including parking, before abatements) less vacancy allowance and employee rent credits and includes additional rents (additional rents include insufficient notice penalties, month-to-month charges and pet rent). Total abatements for our multifamily portfolio were insignificant for the three months ended December 31, 2012. For Waikiki Beach Walk - Embassy Suites™, base rent is equal to the actual room revenue for the three months ended December 31, 2012.
- (2) Represents additional property-related income for the three months ended December 31, 2012, which includes: (i) percentage rent, (ii) other rent (such as storage rent, license fees and association fees) and (iii) other property income (such as late fees, default fees, lease termination fees, parking revenue, the reimbursement of general excise taxes, laundry income and food and beverage sales).
- (3) Represents billed tenant expense reimbursements for the three months ended December 31, 2012.
- (4) Represents property operating expenses for the three months ended December 31, 2012. Property operating expenses includes all rental expenses, except non-cash rent expense and the provision for bad debt recorded for deferred rent receivables.
- (5) Includes revenue and expenses since the acquisition of Geary Marketplace for the period from December 19, 2012 to December 31, 2012.
- (6) Base rent shown includes amounts related to American Assets Trust, L.P.'s lease at ICW Plaza. This intercompany rent is eliminated in the consolidated statement of operations. The base rent was \$134 and abatements were \$134 for the three months ended December 31, 2012.
- (7) Includes revenue and expenses since the acquisition of City Center Bellevue for the period from August 21, 2012 to December 31, 2012.

Notes:

- (1) Net debt is equal to total debt less cash on hand.
- (2) See Glossary of Terms for discussion of EBITDA.
- (3) As used here, EBITDA represents the actual for the three months ended December 31, 2012 annualized.
- (4) Calculated as EBITDA divided by interest on borrowed funds, including capitalized interest and excluding debt fair value adjustments and loan fee amortization.

SUMMARY OF REDEVELOPMENT OPPORTUNITIES

Our portfolio has numerous potential opportunities to create future shareholder value. These opportunities could be subject to government approvals, lender consents, tenant consents, market conditions, availability of debt and/or equity financing, etc. Many of these opportunities are in their preliminary stages and may not ultimately come to fruition. This schedule will update as we modify various assumptions and markets conditions change. Square footages and units set forth below are estimates only and ultimately may differ materially from actual square footages and units.

Notes:

- The net rentable square feet for each of our retail properties and the retail portion of our mixed-use property is the sum of (1) the square footages of existing leases, plus (2) for available space, the field-verified square footage. The net rentable square feet for each of our office properties is the sum of (1) the square footages of existing leases, plus (2) for available space, management's estimate of net rentable square feet based, in part, on past leases. The net rentable square feet included in such office leases is generally determined consistently with the Building Owners and Managers Association, or BOMA, 1996 measurement guidelines.
- Percentage leased for each of our retail and office properties and the retail portion of the mixed-use property includes square footage under leases as of December 31, 2012, including leases which may not have commenced as of December 31, 2012. Percentage leased for our multifamily properties includes total units rented as of December 31, 2012.
- Annualized base rent is calculated by multiplying base rental payments (defined as cash base rents (before abatements)) for the month ended December 31, 2012, by 12. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses.
- Annualized base rent per leased square foot is calculated by dividing annualized base rent, by square footage under lease as of December 31, 2012. Annualized base rent per leased unit is calculated by dividing annualized base rent, by units under lease as of December 31, 2012.
- Retail anchor tenants are defined as retail tenants leasing 50,000 square feet or more.
- Other principal retail tenants are defined as the two tenants leasing the most square footage, excluding anchor tenants.
- Net rentable square feet at certain of our retail properties includes pad sites leased pursuant to the ground leases in the following table:

Property	Number of Ground Leases	Square Footage Leased Pursuant to Ground Leases	Aggregate Annualized Base Rent
Carmel Mountain Plaza	6	127,112	\$ 1,020,900
South Bay Marketplace	1	2,824	\$ 91,320
Del Monte Center	2	295,100	\$ 201,291
Alamo Quarry Market	4	31,994	\$ 459,075

- This property contains 421,934 net rentable square feet consisting of The Landmark at One Market (377,714 net rentable square feet) as well as a separate long-term leasehold interest in approximately 44,220 net rentable square feet of space located in an adjacent six-story leasehold known as the Annex. We currently lease the Annex from an affiliate of the Paramount Group pursuant to a long-term master lease effective through June 30, 2016, which we have the option to extend until 2026 pursuant to two five-year extension options.
- The Santa Fe Park RV Resort is subject to seasonal variation, with higher rates of occupancy occurring during the summer months. During the 12 months ended December 31, 2012, the highest average monthly occupancy rate for this property was 92%, occurring in July 2012. The number of units at the Santa Fe Park RV Resort includes 122 RV spaces and four apartments.
- Average occupancy represents the percentage of available units that were sold during the three months ended December 31, 2012, and is calculated by dividing the number of units sold by the product of the total number of units and the total number of days in the period. Average daily rate represents the average rate paid for the units sold and is calculated by dividing the total room revenue (i.e., excluding food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services) for the three months ended December 31, 2012, by the number of units sold. Revenue per available room, or RevPAR, represents the total unit revenue per total available units for the three months ended December 31, 2012 and is calculated by multiplying average occupancy by the average daily rate. RevPAR does not include food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services.

2nd Quarter 2012	334	88.7%	\$250	\$222
1st Quarter 2012	341	92.2%	\$248	\$228

Notes:

- (1) Percentage leased for mixed-use property includes square footage under leases as of December 31, 2012, including leases which may not have commenced as of December 31, 2012.
- (2) Annualized base rent is calculated by multiplying base rental payments (defined as cash base rents (before abatements)) for the month ended December 31, 2012, by 12. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses.
- (3) Annualized base rent per leased square foot is calculated by dividing annualized base rent, by square footage under lease as of December 31, 2012.
- (4) Average occupancy represents the percentage of available units that were sold during the three months ended December 31, 2012, and is calculated by dividing the number of units sold by the product of the total number of units and the total number of days in the period. Average daily rate represents the average rate paid for the units sold and is calculated by dividing the total room revenue (i.e., excluding food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services) for each respective quarter period by the number of units sold. Revenue per available room, or RevPAR, represents the total unit revenue per total available units for each respective quarter period and is calculated by multiplying average occupancy by the average daily rate. RevPAR does not include food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services.

APPENDIX

GLOSSARY OF TERMS

Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA): EBITDA is a non-GAAP measure that means net income or loss plus depreciation and amortization, net interest expense, income taxes, gain or loss on sale of real estate and impairments of real estate, if any. EBITDA is presented because it approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income to EBITDA for the three months and year ended December 31, 2012 and 2011 is as follows:

	Three Months Ended December 31,		Year Ended December 31,	
	2012	2011	2012	2011
Net income	\$ 41,821	\$ 655	\$ 51,601	\$ 19,324
Depreciation and amortization (including discontinued operations)	16,656	15,723	63,011	58,543
Interest expense (including discontinued operations)	15,521	14,696	59,043	56,552
Interest income	(7)	(535)	(336)	(1,621)
Income tax expense	460	(82)	1,016	831
Gain on sale of real estate	(36,720)	—	(36,720)	(3,981)
EBITDA	\$ 37,731	\$ 30,457	\$ 137,615	\$ 129,648

Adjusted EBITDA: Adjusted EBITDA is a non-GAAP measure that begins with EBITDA and includes adjustments for certain items that we believe are not representative of ongoing operating performance. We use Adjusted EBITDA as a supplemental performance measure because losses from early extinguishment of debt, loan transfer and consent fees and gains on acquisitions of controlling interests create significant earnings volatility which in turn results in less comparability between reporting periods and less predictability regarding future earnings potential. The adjustments noted resulted from our initial public offering and formation transactions.

	Three Months Ended December 31,		Year Ended December 31,	
	2012	2011	2012	2011
EBITDA	\$ 37,731	\$ 30,457	\$ 137,615	\$ 129,648
Early extinguishment of debt	—	—	—	25,867
Loan transfer and consent fees	—	—	—	8,808
Gain on acquisition	—	—	—	(46,371)
Adjusted EBITDA	\$ 37,731	\$ 30,457	\$ 137,615	\$ 117,952

Funds From Operations (FFO): FFO is a supplemental measure of real estate companies' operating performances. The National Association of Real Estate Investment Trusts (NAREIT) defines FFO as follows: net income, computed in accordance with GAAP plus depreciation and amortization of real estate assets and excluding extraordinary items, gains and losses on sale of real estate and impairment losses. NAREIT developed FFO as a relative measure of performance and liquidity of an equity REIT in order to recognize that the value of income-producing real estate historically has not depreciated on the basis determined under GAAP. However, FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income); should not be considered an alternative to net income as an indication of our performance; and is not necessarily indicative of cash flow as a measure of liquidity or ability to pay dividends. We consider FFO a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of real estate assets diminishes predictably over time, and because industry analysts have accepted it as a performance measure. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

Funds From Operations As Adjusted (FFO As Adjusted): FFO As Adjusted is a supplemental measure of real estate companies' operating performances. We use FFO As Adjusted as a supplemental performance measure because losses from early extinguishment of debt, loan transfer and consent fees and gains on acquisitions of controlling interests create significant earnings volatility which in turn results in less comparability between reporting periods and less predictability regarding future earnings potential. The adjustments noted resulted from our initial public offering and formation transactions. However, other REITs may use different methodologies for defining adjustments and, accordingly, our FFO As Adjusted may not be comparable to other REITs.

GLOSSARY OF TERMS (CONTINUED)

Funds Available for Distribution (FAD): FAD is a supplemental measure of our liquidity. We compute FAD by subtracting from FFO As Adjusted tenant improvements, leasing commissions and maintenance capital expenditures, eliminating the net effect of straight-line rents, amortization of above (below) market rents for acquisition properties, the effects of other lease intangibles, adding noncash amortization of deferred financing costs and debt fair value adjustments, adding noncash compensation expense, and adding (subtracting) unrealized losses (gains) on marketable securities. FAD provides an additional perspective on our ability to fund cash needs and make distributions by adjusting FFO for the impact of certain cash and noncash items, as well as adjusting FFO for recurring capital expenditures and leasing costs. However, other REITs may use different methodologies for calculating FAD and, accordingly, our FAD may not be comparable to other REITs.

Net Operating Income (NOI): We define NOI as operating revenues (rental income, tenant reimbursements, lease termination fees, ground lease rental income and other property income) less property and related expenses (property expenses, ground lease expense, property marketing costs, real estate taxes and insurance). NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expense, other nonproperty income and losses, gains and losses from property dispositions, extraordinary items, tenant improvements and leasing commissions. Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to other REITs. Since NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expenses, other nonproperty income and losses, gains and losses from property dispositions, and extraordinary items, it provides a performance measure that, when compared year over year, reflects the revenues and expenses directly associated with owning and operating commercial real estate and the impact to operations from trends in occupancy rates, rental rates, and operating costs, providing a perspective on operations not immediately apparent from net income. However, NOI should not be viewed as an alternative measure of our financial performance since it does not reflect general and administrative expenses, interest expense, depreciation and amortization costs, other nonproperty income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of the properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations.

Tenant Improvements and Incentives: Represents not only the total dollars committed for the improvement (fit-out) of a space as it relates to a specific lease but may also include base building costs (i.e. expansion, escalators, new entrances, etc.) which are required to make the space leasable. Incentives include amounts paid to tenants as an inducement to sign a lease that do not represent building improvements.
