### Explanatory Note

On October 31, 2017, American Assets Trust, Inc. (the "Company") filed a Form 8-K (the "Initial Form 8-K") that furnished as an exhibit certain supplemental information concerning the Company's financial results and operations for the quarter ending September 30, 2017.

The sole purpose of this amendment is to refurnish such exhibit to correct a scrivener's error which had incorrectly stated the Property Revenue and Operating Expenses for Gateway Marketplace, Lomas Santa Fe Plaza and Solana Beach Towne Center for 3rd Quarter 2017 on page 16. As a result of this error, the following errors existed (amounts described in thousands):

- Gateway Marketplace base rent was reflected as \$1,384, rather than the correct amount of \$563;
- Gateway Marketplace additional property income was reflected as \$8, rather than the correct amount of \$0;
- Gateway Marketplace billed expense reimbursements was reflected as \$300, rather than the correct amount of \$169;
- Gateway Marketplace property operating expenses was reflected as \$(385), rather than the correct amount of \$(208);
- Lomas Santa Fe Plaza base rent was reflected as \$1,511, rather than the correct amount of \$1,384;
- Lomas Santa Fe Plaza additional property income was reflected as \$18, rather than the correct amount of \$8;
- Lomas Santa Fe Plaza billed expense reimbursements was reflected as \$515, rather than the correct amount of \$300;
- Lomas Santa Fe Plaza property operating expenses was reflected as \$(504), rather than the correct amount of \$(385);
- Solana Beach Towne Centre base rent was reflected as \$563, rather than the correct amount of \$1,511;
- Solana Beach Towne Centre additional property income was reflected as \$0, rather than the correct amount of \$18;
- Solana Beach Towne Centre billed expense reimbursements was reflected as \$169, rather than the correct amount of \$515;
- Solana Beach Towne Centre property operating expenses was reflected as \$(208), rather than the correct amount of \$(504);

Other than correcting these scrivener's errors, the exhibit furnished with this Form 8-K/A remains unchanged from the exhibit furnished with the Initial Form 8-K.

Nothing in the Initial Form 8-K is being amended other than the refurnishing of Exhibit 99.2 as described above. This amendment should be read in conjunction with the Initial Form 8-K and the Company's other filings with the SEC. Except as stated herein, this amendment does not reflect events occurring after the filing of the Initial Form 8-K with the SEC and no attempt has been made in this amendment to modify or update other disclosures as presented in the Initial Form 8-K.

We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: adverse economic or real estate developments in our markets; our failure to generate sufficient cash flows to service our outstanding indebtedness; defaults on, early terminations of or non-renewal of leases by tenants, including significant tenants; difficulties in identifying properties to acquire and completing acquisitions; difficulties in completing dispositions; our failure to successfully operate acquired properties and operations; our inability to develop or redevelop our properties due to market conditions; fluctuations in interest rates and increased operating costs; risks related to joint venture arrangements; our failure to obtain necessary outside financing; on-going litigation; general economic conditions; financial market fluctuations; risks that affect the general retail, office, multifamily and mixed-use environment; the competitive environment in which we operate; decreased rental rates or increased vacancy rates; conflicts of interests with our officers or directors; lack or insufficient amounts of insurance; environmental uncertainties and risks related to adverse weather conditions and natural disasters; other factors affecting the real estate industry generally; limitations imposed on our business and our ability to satisfy complex rules in order for us to continue to qualify as a REIT for U.S. federal income tax purposes; and changes in governmental regulations or interpretations thereof, such as real estate and zoning laws and increases in real property tax rates and taxation of REITs.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, or new information, data or methods, future events or other changes. Our portfolio has numerous potential opportunities to create future shareholder value. These opportunities could be subject to government approvals, lender consents, tenant consents, market conditions, availability of debt and/or equity financing, etc. Many of these opportunities are in their preliminary stages and may not ultimately come to fruition. This schedule will update as we modify various assumptions and markets conditions change. Square footages and units set forth below are estimates only and ultimately may differ materially from actual square footages and units.

Notes:

- The net rentable square feet for each of our retail properties and the retail portion of our mixed-use property is the sum of (1) the square footages of existing leases, plus (2) for available space, the field-verified square footage. The net rentable square feet for each of our office properties is the sum of (1) the square footages of existing leases, plus (2) for available space, management's estimate of net rentable square feet based, in part, on past leases. The net rentable square feet included in such office leases is generally determined consistently with the Building Owners and Managers Association, or BOMA, 1996 measurement guidelines. Net rentable square footage may be adjusted from the prior periods to reflect re-measurement of leased space at the properties.
- Percentage leased for each of our retail and office properties and the retail portion of the mixed-use property includes square footage under leases as of September 30, 2017, including leases which may not have commenced as of September 30, 2017. Percentage leased for our multifamily properties includes total units rented as of September 30, 2017.
- Annualized base rent is calculated by multiplying base rental payments (defined as cash base rents (before abatements)) for the month ended September 30, 2017 by 12. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses.
- Annualized base rent per leased square foot is calculated by dividing annualized base rent, by square footage under lease as of September 30, 2017. Annualized base rent per leased unit is calculated by dividing annualized base rent by units under lease as of September 30, 2017.
- Retail anchor tenants are defined as retail tenants leasing 50,000 square feet or more.
- Other principal retail tenants are defined as the two tenants leasing the most square footage, excluding anchor tenants.
- Net rentable square feet at certain of our retail properties includes pad sites leased pursuant to the ground leases in the following table:

Property	Number of Ground Leases	Square Footage Leased Pursuant to Ground Leases	Aggregate Annualized Base Rent
Carmel Mountain Plaza	6	125,477	\$ 1,193,816
South Bay Marketplace	1	2,824	\$ 102,276
Del Monte Center	1	212,500	\$ 96,000
Alamo Quarry Market	4	31,994	\$ 491,383

- In December 2016, the Kmart store at Waikole Center ceased its operations, but continues to remain fully liable for all of its lease obligations until the lease's scheduled expiration on June 30, 2018.
- This property contains 419,371 net rentable square feet consisting of The Landmark at One Market (375,151 net rentable square feet) as well as a separate long-term leasehold interest in approximately 44,220 net rentable square feet of space located in an adjacent six-story leasehold known as the Annex. We currently lease the Annex from an affiliate of the Paramount Group pursuant to a long-term master lease effective through June 30, 2021, which we have the option to extend until 2031 pursuant to two five-year extension options.

- (10) Excluding the 21 units associated with the Loma Palisades repositioning, Loma Palisades was 97.3% leased and total multifamily was 92.3% leased at September 30, 2017.
- (11) The Santa Fe Park RV Resort is subject to seasonal variation, with higher rates of occupancy occurring during the summer months. During the 12 months ended September 30, 2017, the highest average monthly occupancy rate for this property was 97%, occurring in May 2017. The number of units at the Santa Fe Park RV Resort includes 122 RV spaces and four apartments.
- (12) Average occupancy represents the percentage of available units that were sold during the three months ended September 30, 2017, and is calculated by dividing the number of units sold by the product of the total number of units and the total number of days in the period. Average daily rate represents the average rate paid for the units sold and is calculated by dividing the total room revenue (i.e., excluding food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services) for the three months ended September 30, 2017 by the number of units sold. Revenue per available room, or RevPAR, represents the total unit revenue per total available units for the three months ended September 30, 2017 and is calculated by multiplying average occupancy by the average daily rate. RevPAR does not include food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services.

**Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA):** EBITDA is a non-GAAP measure that means net income or loss plus depreciation and amortization, net interest expense, income taxes, gain or loss on sale of real estate and impairments of real estate, if any. EBITDA is presented because it approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income to EBITDA for the three and nine months ended September 30, 2017 and 2016 is as follows:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2017	2016	2017	2016
Net income	\$ 12,505	\$ 11,858	\$ 30,401	\$ 33,229
Depreciation and amortization	21,192	17,992	63,360	53,159
Interest expense	13,873	13,049	39,856	39,148
Interest income	(111)	(24)	(371)	(63)
Income tax expense/(benefit)	210	601	(32)	643
EBITDA	\$ 47,669	\$ 43,476	\$ 133,214	\$ 126,116

**Adjusted EBITDA:** Adjusted EBITDA is a non-GAAP measure that begins with EBITDA and includes adjustments for certain items that we believe are not representative of ongoing operating performance. Specifically, we include a pro forma adjustment to reflect a full period of NOI on the operating properties we acquire during the quarter, to assume all transactions occurred at the beginning of the quarter. We use Adjusted EBITDA as a supplemental performance measure because we believe these items create significant earnings volatility which in turn results in less comparability between reporting periods and less predictability regarding future earnings potential.

**Funds From Operations (FFO):** FFO is a supplemental measure of real estate companies' operating performances. The National Association of Real Estate Investment Trusts (NAREIT) defines FFO as follows: net income, computed in accordance with GAAP plus depreciation and amortization of real estate assets and excluding extraordinary items, gains and losses on sale of real estate and impairment losses. NAREIT developed FFO as a relative measure of performance and liquidity of an equity REIT in order to recognize that the value of income-producing real estate historically has not depreciated on the basis determined under GAAP. However, FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income); should not be considered an alternative to net income as an indication of our performance; and is not necessarily indicative of cash flow as a measure of liquidity or ability to pay dividends. We consider FFO a meaningful, additional measure of operating performance primarily because it excludes the assumption that the value of real estate assets diminishes predictably over time, and because industry analysts have accepted it as a performance measure. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

**Funds Available for Distribution (FAD):** FAD is a supplemental measure of our liquidity. We compute FAD by subtracting from FFO As Adjusted tenant improvements, leasing commissions and maintenance capital expenditures, eliminating the net effect of straight-line rents, amortization of above (below) market rents for acquisition properties, the effects of other lease intangibles, adding noncash amortization of deferred financing costs and debt fair value adjustments, adding noncash compensation expense, and adding (subtracting) unrealized losses (gains) on marketable securities. FAD provides an additional perspective on our ability to fund cash needs and make distributions by adjusting FFO for the impact of certain cash and noncash items, as well as adjusting FFO for recurring capital expenditures and leasing costs. However, other REITs may use different methodologies for calculating FAD and, accordingly, our FAD may not be comparable to other REITs.

**Net Operating Income (NOI):** We define NOI as operating revenues (rental income, tenant reimbursements, lease termination fees, ground lease rental income and other property income) less property and related expenses (property expenses, ground lease expense, property marketing costs, real estate taxes and insurance). NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expense, other nonproperty income and losses, gains and losses from property dispositions, extraordinary items, tenant improvements and leasing commissions. Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to other REITs. Since NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expenses, other nonproperty income and losses, gains and losses from property dispositions, and extraordinary items, it provides a performance measure that, when compared year over year, reflects the revenues and expenses directly associated with owning and operating commercial real estate and the impact to operations from trends in occupancy rates, rental rates, and operating costs, providing a perspective on operations not immediately apparent from net income. However, NOI should not be viewed as an alternative measure of our financial performance since it does not reflect general and administrative expenses, interest expense, depreciation and amortization costs, other nonproperty income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of the properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations.

**Tenant Improvements and Incentives:** Represents not only the total dollars committed for the improvement (fit-out) of a space as it relates to a specific lease but may also include base building costs (i.e. expansion, escalators, new entrances, etc.) which are required to make the space leasable. Incentives include amounts paid to tenants as an inducement to sign a lease that do not represent building improvements.
